

## THE ON-DESK SOLUTION FOR THE MOBILE-FIRST PROFESSIONAL.

### **BENEFITS**

- Seamlessly collaborate with desktop like convenience with headset, built-in dial pad, speakerphone, and handset options
- Multi-coil wireless and corded mobile phone charging options ensures mobile phone is always charged
- Supports advanced headset features such as smart sensors, dynamic mute alert, hi-fi stereo sound, and active noise cancellation (features vary by Plantronics headset model)
- No need for service provisioning or extra wires means deployment throughout the enterprise couldn't be easier

### **POLY ELARA 60 SERIES**

Empower your mobile-first employees to work the way they want. Poly Elara 60 Series turns each individual smartphone into a Microsoft Teams collaboration experience, with all the convenience and functionality of a desk phone. Employees can personalize their communication experience with a range of headset, speakerphone and handset options. Wired or multi-coil wireless charging ensures smartphones are always ready to go. Best of all, no service provisioning and no extra wires means deployment throughout the enterprise couldn't be easier, saving you time and money while enabling greater simplicity and freedom for all of your teams.

- Dedicated Microsoft Teams voice assistant button
- Speakerphone option ensures crystal clear audio performance
- Wirelessly stream music or media from mobile phone using intuitive interface
- Familiar interface for managing mobile calls with dial pad and optional handset
- Supports iOS and Android smartphones
